Dear Jack:

Subject: Kyrenia-Caversham Coverage Coordination Meeting

As you know the last biannual EBC-FBIS Coverage Coordination Meeting was held in Kyrenia on 6 June 1956 with Mr. E. Brehm, Senior Assistant II, Reception Unit, EBC Monitoring Service, representing the EBC. It was agreed at that meeting that the next such meeting would be held at Caversham in late November.

I am planning to go to Caversham on 1 December to attend the formal meeting of the FBIS-EBC Monitoring Services Coordination Committee at which the over-all problems of our joint operation will be discussed. I believe it would be most helpful if you could arrange to visit Caversham at the same time. This would permit the two meetings to be conducted concurrently and would give you and me an opportunity to discuss the situation in Cyprus and any other problems which have arisen at the Mediterranean Bureau.

I am furnishing [redacted] a copy of this letter and I am asking her to discuss this with the EBC.

Sincerely,

STAT
